To Whom It May Concern:

I am very pleased to write this letter of reference on behalf of Kent Ordway in my capacity as CMO of Restorative Health. Restorative Health is an anti-aging, functional medicine company comprising six medical clinics throughout the United States. Overall, I believe Kent to be a skilled, thoughtful, and thoroughly professional Information Technology expert, which I will briefly elaborate on below.

I have known Kent for over a year and first got to know him when he helped us re-develop our company website. I was impressed by his initiative, knowledge and strong analytical/problem solving skills.

During the year that we worked together, I have been impressed by his diligence and his level of expertise. Indeed, I have been more than satisfied with our working relationship.

Not only is Kent highly intelligent; he also is very hard-working. He has tackled every project assigned to him with enthusiasm and competence. He invariably understands exactly what a project is all about from the outset, and how to get it done quickly and effectively. He consistently produces superior quality work and on time. Kent is accountable and responsible, with a superior work ethic and a high degree of integrity.

In addition to his overall re-development of our website, he has developed portals for each of our clinics that contain vital, protected information including medical protocols, medical forms and training videos/articles. He has been fully responsible for all of our computers, program interfacing, electronic medical records, phones and the development of processes, and protocols for each. Kent was also involved in our nationwide marketing - driving our social media campaigns (Facebook, Twitter, E-mails etc.). He also developed brochures and interoffice video campaigns.

In closing, I recommend Kent Ordway highly for any position in the IT field that involves complexity and creativity, with high quality requirements. He is an exceptionally bright and hardworking person who will do his very best to do an outstanding job for whomever he works. If I may be of further assistance with regard to Kent, please call me at 402-650-3424 or e-mail me at [js2lds@gmail.com](mailto:js2lds@gmail.com).

Kind Regards,

Restorative Health

## Letter Of Explanation & Recommendation

February 20th, 2019

Re: Kent Ordway

To whom it may concern,

My name is Chris Lonsford and I am the Chief Operating Officer at Restorative Health. Kent Ordway was an employee with our company for many years. It is with sadness that Kent's position was eliminated due entirely to the downsizing of our corporate positions. His departure from RH was not of his doing and was due to company circumstances of streamlining the business.

I also wanted to take a moment and highly recommend Kent to any company looking for an I.T. professional with Kents talents. He worked under my supervision for a number of years and I cant speak highly enough of him. Kents personality and easy going nature allows him to easily work with others and get along extremely well. He is a very hard worker and always completed the tasks assigned to him. Kent needed very little supervision and was extremely task focused.

I highly recommend Kent Ordway to any company looking for a great employee with integrity, work ethic and task focused behavior.

Sincerely,

Chris Lonsford
